

The health and safety of our shoppers, employees, tenants and communities is a top priority. We will continue taking extra precautions and will monitor the Coronavirus (COVID-19) situation closely. Additionally, we are following all CDC Recommended Steps for Virus Prevention as well as directives of state and local authorities.

For additional tools or information regarding prevention of the COVID-19 virus, please refer to:

- Centers for Disease Control and Prevention at <http://www.cdc.gov>
- World Health Organization at [World Health Organization](#)

Our goal is to have a safe and healthy environment for our shoppers. As the situation evolves, we will continue to monitor and take any necessary precautions as recommended.

While Lafayette Square Mall remains open and operating so our retailers are able to serve the community, some retailers are taking additional steps to reduce operating hours or close entirely. To keep you informed of these closures, we will update our center website as information is shared with us. We will continue to follow the direction of the CDC and state/local authorities, but for now, Lafayette Square Mall remains open.
